Dear Peter,

I am writing on behalf of the injured service personnel who have enjoyed an adventure holiday with us at Southwest Scotland RnR to thank you for the tremendous support you have shown our project. Your generosity both in helping us directly and indirectly through introducing us to others in the trade has allowed Ken Bennett to ensure the lads who come to stay have a first class experience on the day they participate in clay pigeon shooting.

We know from what they tell us, and from the written comments they leave on our evaluation sheets, that the shooting is one of the most enjoyable activities in which they take part. There is always a great deal of friendly rivalry amongst the lads when they compete for the certificates Ken awards the winners in the evening.

For wounded service personnel loss of self-confidence is often a problem and during the time they are with us, taking part in a range of challenging activities, we see them regain confidence in themselves and what they can achieve despite their injuries. They also have a chance to unwind and enjoy some fun.

The clay pigeon shooting would not be such a hugely popular and enjoyable event if it was not for your generous support and for this we send our heartfelt thanks.

Yours sincerely,

Jennefer Tobin
Chairman

"Helping wounded military personnel to recover from their injuries and experiences"
