Bond and Bywater  
91 - 92 St Paul's Road  
Preston, Lancashire PR1 1UH

*Dear Mr. Green,*

**ST MARYS RNR**

It is with great pleasure that I write to thank you for your part in presenting St Marys with such a generous gift.

As you know we are bringing serving personnel who have been injured whilst on deployment to Afghanistan and Iraq to this area for recuperation and rehabilitation. These are serving men and the break we give them is to help them recover before being redeployed overseas.

The most popular entertainment of the week was shooting clays with Ken Bennett - it scored 98% - which says all! Your kind gift has enabled us to continue to offer this sport to all comers. We have no doubt there will be hot competition between units and we wait to see how this will develop - a shoot off somewhere!

The real benefit that our guests found - and made clear to us - was the welcome and transparent admiration they were given by all the people they met. It is this that made them feel good and whole and it is a healing experience that they said literally bowled the over. So, thank you for your very real contribution to that.

Your gift is very much appreciated.

Yours sincerely,

*Jennifer Tobin*
