For over 100 years, Webley has been manufacturing airguns that continue to set the global standard for quality and reliability. We are excited to be able to announce a whole new chapter to this long history by introducing a selection of rifles and pistols destined to provide years' of enjoyment and performance.

In 2012, our new USA sales office and distribution facility located in Reno, NV will provide unparalleled customer support and a platform for North American distribution of innovative products such as our new .20 Valumax rifle, our .25 caliber Patriot rifle, our Raider PCP 10-shot rifle, Alecto pistols and airgun accessories. These adult performance airguns will remind the industry why having roots as a British airgun company sets the standard for performance and reliability.

Our dedication to customer service and satisfaction is drawn from our commitment to the shooting sports. Whether you are in the field, on the range or shooting a match, you have our pledge to continue to introduce new and innovative products to support your passion. Let us help you rediscover the joys of air gunning!

Thank you for your support of Webley.

Derick Cole
President, Webley USA

PELLETS

ACCESSORIES

MATCHPELL

Matchpell high velocity, flat head shooting pellets offer perfect performance consistency. The high velocity and maximum punch of .177 is the perfect choice for humane small pest hunting. Maximum energy on impact!

VERMINPELL

Verminpell have completely re-written the rules for close range pest control. The flat head pellet is suitable for today's high velocity air rifles and the No:1 choice for close range, humane hunting.

ACCUPELL

Accupell with its 800+ fps is still the biggest pellet sensation the airgun industry has ever seen. Accupell has won countless F.T. competitions in the UK and Europe, and is still the pro-shooters choice.

POWAPPELL

Powapell have set a high standard for accuracy and are designed for hunters and pest controllers who require extra penetration for tough skinned quarry when shooting at longer ranges.
